RISK MANAGEMENT PROGRAM (RMP) Training

One-day training is being offered three separate days:
Breakfast, lunch, break refreshments not provided.
Cafeteria available onsite.

JUNE 3 (Tues) 8:00 am–5:00 pm
JUNE 4 (Wed) 8:00 am–5:00 pm
JUNE 5 (Thurs) 8:00 am–5:00 pm

June 3 & 5 sessions will highlight Ammonia facilities

Edith Green/Wendell Wyatt Federal Building
1220 SW 3RD Avenue,
Portland, Oregon 97204

The Environmental Protection Agency (EPA) is offering **FREE RISK Management Program training**, which will provide information about how to comply with the RMP reporting and emergency planning requirements. Major components of the RMP will be discussed, and questions regarding RMP will be answered. The instructors are highly qualified EPA staff with decades of collective RMP inspection and auditing experience.

This training is for ...

- *Safety, Process Safety, Operations and Plant Managers;*
- *Environmental, Engineering and Maintenance Managers;*
- *Safety Teams;*
- *RMP and PSM Coordinators;*
- *Supervisors, Operators and Maintenance Technicians; and*
- *Technical, Safety and Environmental Professionals.*

Section 112(r) of the Clean Air Act mandates that facilities that hold or use very toxic or flammable substances at or above thresholds determined by EPA develop **Risk Management Programs (RMPs)** to prevent accidental chemical releases. The primary goal of the RMP is to ensure that industries, community members and emergency responders have the proper tools to prevent and respond to chemical accidents before catastrophic releases occur. Facilities which fail to comply with RMP reporting requirements can potentially be subject to substantial administrative, civil and criminal penalties.

In order to guarantee a space, please register by email by **May 23rd** to allen.stephanie@epa.gov

Questions: contact Stephanie Allen at 206-553-2585
